DON'T KNOCK OUT!

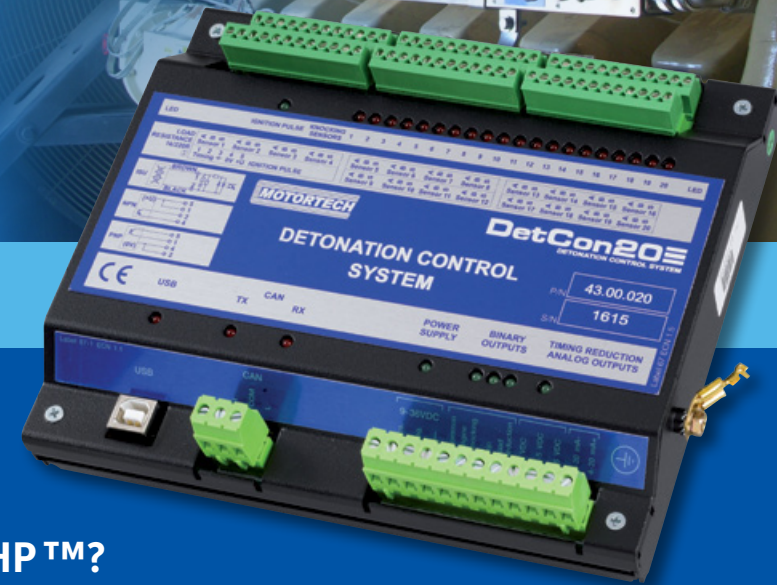

Looking for a knock detection system for your WAUKESHA VGF™ and VHP™?

MOTORTECH offers the solution to your problems.
The DetCon20 can easily replace the WAUKESHA KDM™
and DSM™ System and will offer full protection:

- Microprocessor controlled
- WIN based software with graphics and data logging
- Individual cylinder knock detection (inputs for 20 sensors)
- Analog (4-20mA/ 0-5V) output to drive ignition controllers directly or through PLC
- Alarm output
- Load reduction output
- Engine shut down output
- CSA certified for Class I; Div. 2

Call us for full protection against detonation!
