# THERE MIGHT BE NOTHING NEW UNDER THE SUN

## ... BUT FOR US, THE SKY IS THE LIMIT

### STOP WAITING FOR PRODUCT THAT IS NOT AVAILABLE!

Over a period of 3 years, MOTORTECH has developed the all NEW MIC4 Ignition Controller Platform with MOST Technology. The time of Capacitor Discharge Ignition is over.

Specify the new MOTORTECH Output Stage Technology that offers:

- up to 5 times of energy without decreasing spark plug life
- program your spark intensity and duration
- select high performance coils of shielded or non shielded style
- burn any gas effectively and create engine performance and emission reduction
- easy installation – all controls in one compact unit with 16 hot outputs
- more than one thousand systems in the field
- WIN based Programming Software
- competitively priced

HMI Module – 7" Touchscreen

MIC4 Ignition Controller

Partner for SÜD-CHEMIE catalytics

Distribution partner for DENSO spark plugs
