

WE UPGRADE GAS ENGINES

Sleepless Nights?

MOTORTECH High-Tech Controllers take over Engine Control when you are off shift.

Relax yourself and use the latest developments for reliable and full engine control to ensure your gas engine runs when you need it.

MIC4 – Ignition Controller

Powerful ignition controller for engines with up to 16 cylinders uses MOTORTECH's efficient MOST technology.

DetCon20 – Detonation Control

Professional knock detection and control system for engines with up to 20 cylinders to prevent catastrophic engine damages.

PowerView3 – HMI Module

The brand-new 7" touchscreen supports the complete visualization of ignition and detonation data on more than 25 screens.
