

WE UPGRADE GAS ENGINES

# DON'T KNOCK OUT!

## Looking for a knock detection system that protects YOUR gas engine?

MOTORTECH offers the solution for your detonation problems. The DetCon20 protects slow/mid/high speed engines with up to 20 cylinders.

- Pre configured engine data allows easy installation
- Microprocessor controlled
- WIN based software with graphics and data logging
- Individual cylinder knock detection (inputs for 20 sensors)
- Analog (4-20mA/ 0-5V) output to drive ignition controllers directly or through a PLC
- Alarm output
- Load reduction output
- Engine shut down output
- CSA certified for Class I, Division 2, Groups C and D; T4
