Upgrade Kits for WAUKESHA® VHP G/ GU/ GSI 12 Cylinder Engines

Don't go Low-Tech and take the risk of engine down time because of failing equipment. Eliminate the need for constant rewiring, connector exchanges or straightening out weak and bent aluminum wiring rails.

Benefits

- Kits include all necessary components for a successful ignition or detonation control upgrade
- Available in different versions for non-shielded or shielded applications
- Prefabricated components guarantee easy installation
- High quality materials and design last longer
- Upgrade kits can be extended individually
