## MOTORTECH Spark Plug Gap Setting Tool

MOTORTECH's new spark plug gap setting tool provides every gas engine operator or employee of a service company with an innovative tool to professionally adjust the electrode gap on-site in a material-conserving manner.

### Features

- Simple-to-use tool for setting the electrode gap on different spark plug types
- The quick-release lock of the thread adaptor ensures that spark plugs can be changed quickly
- The tool is hand-operated and does not need to be additionally mounted on a workbench
- The spark plug gap setting tool can be custom-configured with optionally available accessory components
- The tool and all accessories can be stowed in the included carrying case
- Transportable, which makes it ideal for service companies

More information on the new spark plug gap setting tool is available at <http://www.motortech.de/download-centere.html> for download.
