MIC500 Ignition Controllers Operating Manual and Programming Software on USB Flash Drive

In the future, MOTORTECH ignition controllers of the MIC500 series will not be delivered with printed operating manuals. Also the CD-ROM as storage media for the required programming software will no longer be included.

Instead, the MIC500 ignition controllers will be delivered with a USB flash drive. The included menu contains all required information and tools for a successful start-up of the controllers.

- Programming software „IGNITION CONTROL“ for MIC500 ignition controllers
- MIC500 operating manuals available in PDF format (EN/DE)
- Writable programming overview in PDF format for plant documentation purposes by the commissioning engineer
- MOTORTECH contact data
