Accessory Kit for Bridge Spark Plugs For Spark Plug Gap Setting Tool

With its optionally available accessory kits, MOTORTECH's spark plug gap setting tool can be configured individually, which makes it available for a wide range of spark plug electrode configurations.

The latest kit is designed for setting the electrode gap of bridge design spark plugs. The kit includes a special base insert and a feeler gauge and makes it possible to also gap this unique electrode design.

The new accessory kit can be used in combination with the MOTORTECH spark plug gap setting tool for the following spark plug types:

- MOTORTECH P/N MBP1800
- CHAMPION® P/N FB78WW
- ROLLS ROYCE® P/N 710875
