## Exchange Program For Throttle Bodies on MAN<sup>®</sup> Engines

Turbocharged MAN<sup>®</sup> gas engines are already factory-equipped with a throttle body for connecting to an external actuator. However, packagers that use an ITB throttle body with integrated stepper motor by MOTORTECH will have an extra, factory-fitted throttle body left over after installing the ITB throttle body.

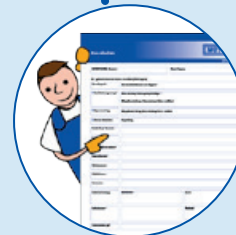

With its exchange program, MOTORTECH offers the option of returning the unused component for a partial credit note after purchasing an ITB throttle body.

**1** Order the matching ITB throttle body for your MAN<sup>®</sup> engine

**2** Replace the throttle body

**3** Contact the MOTORTECH representative and request the RMA\* number and returns form  
(\*Return Material Authorization)

### How it works:

**5** Partial credit note is issued once receipt of component is verified

**4** Send in unused throttle body

No. 2016/35	Date September 12, 2016	Page 2/2

The following throttle bodies are accepted within this exchange program:

MAN® P/N	Engine Type
51.13105-6020	E0834 LE302
51.13105-6007	E0836 LE202, E2876 TE302
51.13105-6009	E2676 LE202/212, E2848 LE322, E2842 LE312/322/202
51.13105-6018	E3268 LE212/222, E3262 LE202/212/222

If you require additional information on this exchange program, your responsible sales representative will be happy to be of assistance.

## Return Criteria

Prerequisites for a return with subsequent credit note:

- Throttle bodies must be complete (except housing seals)
- Throttle bodies must not have been dismantled
- Throttle bodies must not have been in constant operation
- Throttle bodies must not have any mechanical damage
- Proof of purchase of an ITB throttle body with integrated stepper motor.

This offer is valid until further notice.

Additional information on ITB throttle valves and accessories can be downloaded at <http://www.motortech.de/download-centere.html>.
