# MOTORTECH Repair & Overhaul

## Change in the acceptance of ignition control units

Ignition controllers are subjected to extreme loads and must fulfill a wide range of technical requirements under very tough conditions. Parts that are constantly under stress will wear out and tend to fail. MOTORTECH offers a comprehensive repair and overhaul service for almost all popular ignition controllers. Take advantage of our more than 30 years of technical experience.

Our economically remanufacturing process covers intensive inspections, parts replacement, extensive reconditioning and full operational test procedures. Within shortest time we return a fully functional product that looks as good as new.

### Quality without Compromise

Take advantage of our comprehensive flat rate overhaul service. This option offers you knowing in advance what the cost will be. Our intensive repair, overhaul and test procedures allow a full year of warranty on all parts replaced by MOTORTECH.

### Complete Overhaul of:

- CATERPILLAR® Ignition Controllers for G3300/G3400 series gas engines
- WAUKESHA® CEC series
- WAUKESHA® IPM-Diagnostic
- All MOTORTECH Ignition Controllers

### Repair<sup>1)</sup> of:

- ALTRONIC® DISN series
- ALTRONIC® CPU95 series
- All WOODWARD® Ignition Controllers

The following ignition controller are **no longer** accepted by MOTORTECH for repair or overhaul:

- ALTRONIC® D.I.S. series
- ALTRONIC® CPU2000 series
- FAIRBANKS MORSE® IQ500 series
- FAIRBANKS MORSE® IQ250 series
- FAIRBANKS MORSE® IQ700 series

<sup>1)</sup> Please note that in a repair we do not sandblast and powder coat the housings, do not replace the gaskets and protective caps during assembly and do not attach a new name or replace the old labels.
