## Magnetic Pickup For MAN® E3262 Series Gas Engines

In its sales bulletin VM 20 01 IG, MAN® has informed that with the production entry date of February 24, 2020, the scope of supply of all E3262 engines has been extended by two additional magnetic pickups, which are used for triggering the MOTORTECH ignition controllers of the MIC3+, MIC4 and MIC5 series.

MOTORTECH now also offers this pickup as a spare part in OEM quality.

The ordering information can be found in the following table.
