

Design Update of Stepper Motor Harnesses

MOTORTECH is releasing an updated version of the following part numbers for stepper motor harnesses.

Effective immediately and on a permanent basis, the scope of delivery will no longer include a ferrite core or heat-shrink tubing over the shielding and at the end of the harness. These wiring harnesses will continue to be shipped with open ends.

DETAILS OF THE REMOVED PARTS

- 1 Ferrite core
- 2 Heat-shrink tubing over the end of the harness
- 3 Heat-shrink tubing over the shielding

ORDER INFORMATION

P/N	Description
31.01.942	Stepper motor harness, 10 pole, socket, 90°, 10 m
31.01.942-15	Stepper motor harness, 10 pole, socket, 90°, 15 m
31.01.942-18	Stepper motor harness, 10 pole, socket, 90°, 18 m
31.01.942-22	Stepper motor harness, 10 pole, socket, 90°, 22 m
31.01.942-30	Stepper motor harness, 10 pole, socket, 90°, 30 m
31.01.947-10	VariFuel2-Harness, MIL, 10 pole, socket, 90°, 10 m
31.01.972-10000	Stepper motor harness, 10 pole, socket, 90°, Bayonett, 10 m
31.01.972-15000	Stepper motor harness, 10 pole, socket, 90°, Bayonett, 15 m
31.01.972-18000	Stepper motor harness, 10 pole, socket, 90°, Bayonett, 18 m
31.01.972-22000	Stepper motor harness, 10 pole, socket, 90°, Bayonett, 22 m
