

## Temperature Sensor

P/N 56.01.011

### Dimensions

- Insertion length 75 mm (2.95")
- Overall length 136 mm (5.35")
- Diameter of protection tube 7.5 mm (0.29")

### Connections

- Process connection Thread G 1/2"
- Electrical connection Connector DIN 43650

### Mechanical Data

- Protection class IP 65

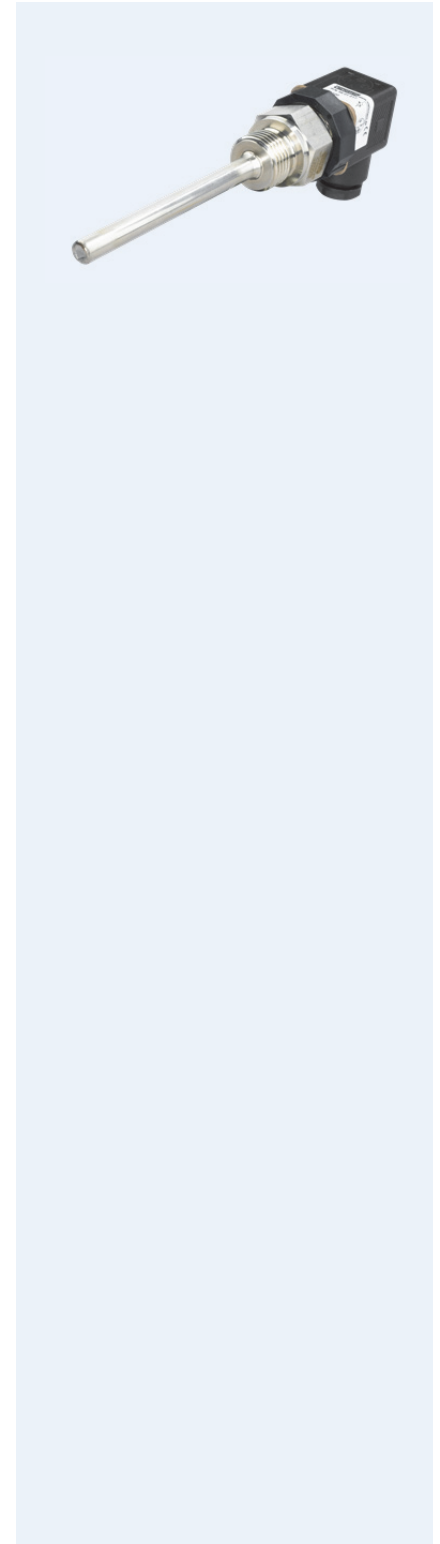

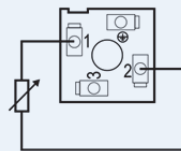

### Climatic Environmental Conditions

- Permissible temperature +120 °C (+248 °F)

### Pin Designation

- 1: Power supply  $U_B +$
- 2: Power supply  $U_B -$

Two-wire connection
